NAVY CHILD AND YOUTH PROGRAM HEALTH INFORMATION FORM 1700/52

Additional Information

The Health Information Form – CNICCYP 1700/52 is used as a screening tool by the CYP to determine whether your child requires additional documentation and resources to support their participation in CYP. If you answer yes to any question(s) on this form, the CYP Director will contact you to obtain additional information to support your child. Depending on your child's needs, the CYP Director may also refer your child to the Inclusion Action Team (IAT). The Inclusion Action Team (IAT) is a team of professionals that collaborates to support the full inclusion of children with diagnosed or undiagnosed disabilities, differing abilities, or special needs. These experts in the fields of medicine, therapy, family services, special education, and general education help CYPs locate resources for families and identify reasonable accommodations that can be implemented to support a child's success in that CYP. If the CYP Director feels your child may benefit from a referral for IAT support, you are always consulted first and encouraged to participate in the discussion. You are the expert on your child, and as such, you are the most valuable member of the IAT.

Additional documentation required varies depending on each child's needs, but may include the following items:

Emergency Action Plan (EAP): The EAP tells CYP staff how to respond to your child or youth's needs in case of a medical emergency (e.g., a youth with a severe peanut allergy accidentally eats peanut butter). EAPs must be developed, completed and signed by their health care providers. EAPs may be provided by the child or youth's health care provider or the CYP can provide an EAP template for the health care provider to use.

Medication Administration Form: This form is required for all children who need administration of prescription medication at the CYP and must have the following signatures: (1) health care provider signature on written instructions, including the type of medication, dosage, frequency, and duration of the administration period (e.g., 3 weeks, 1 year, indefinite), and (2) parent signature, giving consent for authorized employees to administer medication while the child is at the CYP. If the form is for emergency response medication, an EAP is also required.

Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP): Children or youth who have received (or are receiving) early intervention or special education services from a school district will have an IEP and/or IFSP. Families are strongly encouraged, but not required, to provide a copy of the IEP or IFSP to the CYP, as this can help the program develop accommodations to meet the child or youth's needs.

Definitions:

Food Allergy: When a child has a food allergy, his/her body responds to food as if it were a threat. The body's immune system response can be mild or, in rare cases, associated with a severe and life-threatening reaction called anaphylaxis. Allergic reactions are highly unpredictable. The severity of one attack does not predict the severity of the next attack. The only way to prevent a life-threatening reaction is strict **avoidance** of the allergen.

Food Intolerance: When a child has a food intolerance, it is a reaction of the digestive system and is not dangerous. Although a child may experience gas, bloating, abdominal pain and/or diarrhea, the reactions will pass and the child is not in danger. Children with food intolerances likely do not have prescribed medications for their condition and do not need an EAP. Some common food intolerances are lactose and gluten.

INTERNET AND SCREEN-BASED MEDIA AGREEMENT FORM—CNICCYP 1700/55

OPNAVINST 1700.9 (series)

Internet and screen-based media devices (e.g., computer/laptop, smart phone, tablet) are widely used by youth for communication, networking, information retrieval, and general recreation. Navy Child and Youth Programs (CYPs) provide all registered youth with access to the Internet and state-of-the art, screen-based media devices at no additional cost. Inappropriate content is routinely blocked using access control software and content filters. However, due to the Internet's ever-changing technology, youths may inadvertently access inappropriate material. To reduce the risk of harm to your youth, CYP Professionals are required to monitor youth as they use Internet and screen-based media devices while at the CYP at all times. This includes Government-owned and all personal devices.

Youth who violate the *Internet and Screen-Based Media Agreement* below may lose their Internet access privileges. All incidents will be handled on a case-by-case basis and will be communicated with the parent/guardian prior to restoring privileges. Parents/guardians of registered youth must review and discuss the agreement requirements with their youth annually. Your signature below indicates agreement with these requirements.

CYB Parent Acknowledgment Form

Subject: Parent Acknowledgement and Consent Letter for Child and Youth Behavioral Military and Family Life Counseling Services

Dear Parents,

We take this opportunity to inform you of a valuable resource provided by the Department of Defense. Due to the unique challenges military members face and the impact they have on families, the Office of Military Community and Family Policy provides Child and Youth Behavioral Military Family Life Counselors (CYB-MFLCs). CYB-MFLCs have advanced degrees (masters or doctoral-level) in the mental health field and specialized training in child and youth development. They support the needs of children and families by partnering with parents, faculty, counselors and staff to foster healthy growth and social skill development. The well-being and safety of your child is our top priority. They may have the need to share information about your child/children with school or program professionals to ensure a comprehensive continuum of services.

CYB-MFLCs address challenging behaviors and strengthen the capacity of staff, families, programs and systems to meet the needs of military children and youth by:

- Observing, participating and engaging in classroom activities
- Developing strategies for supporting positive behavior, age-appropriate behavioral interventions to enhance coping and behavioral skills in the classrooms and at home
- Meeting one-on-one or in groups, providing evidence-based prevention and intervention services
- Implementing and modeling strategies for teacher and staff responses to children's behavior
- Conducting trainings for staff
- Facilitating groups to increase parents' understanding of social emotional development and positive behavior guidance strategies
- Linking families with community resources or military family programs
- Working with military children in settings such as field trips and other center, camp or school-sponsored activities.
- Conducting individual sessions to address the unique challenges of school-aged military children and youth

At no time will the CYB-MFLC meet individually with a child without being in line of sight of a teacher, staff, or a parent/guardian. CYB-MFLCs are mandated reporters and information provided to the CYB-MFLC will be kept confidential, except to meet legal obligations or to prevent harm to self or others. Legal obligations include requirements of law and DoD or military regulations. Harm to self or others includes suicidal thought or intent, a desire to harm oneself, domestic violence, child abuse or neglect, violence against any person, and any present or future illegal activity. The CYB-MFLC is obligated to follow school and military child and youth programs' regulations for reporting safety concerns including problematic sexual behaviors in children and youth.

CYB-MFLCs encourage the participation of parents in decisions that affect their children and strive to empower parents with the knowledge and skills to act in their children's best interest.

CYB-MFLCs are flexible and can schedule appointments, meetings and activities after hours and on weekends, if needed, with advance notice. They are available to meet with individuals and families who have interest in seeking consultation about their child or family.

Thank you for allowing us to provide support services to your child/children.

Acknowledgement of Understanding:

I understand the role of the CYB-MFLC and that they may have the need to share information about my child/children with school or program professionals to ensure a comprehensive continuum of services.
